

ADVANCED

CRAFTSMANSHIP

POWERED BY FICHTNER & SCHICHT

WE BELIEVE THAT
TRUE DESIGN
BEGINS IN
MANUFACTURING.
**NOT IN THEORY –
BUT IN EXECUTION.**

DETAILS YOU DON'T JUST SEE – YOU FEEL

Precision surfaces –
engineered to last

Hybrid technologies –
galvanic forming + CNC + laminating

Edition-ready –
from showcase part to series

Material freedom – metals,
composites, plastics, leather

Quiet aesthetics –
details that elevate without shouting

3D printing + advanced coatings –
functional prototypes to final surfaces

WHAT WE DO

We empower true design freedom through electroforming, additive manufacturing, and beyond, combining creativity with technological depth from concept to series production. With one dedicated point of contact and end-to-end project responsibility, we ensure seamless execution across industries, from aviation and yachting to automotive and luxury interiors.

WHAT WE STAND FOR

PRECISION & METICULOUSNESS

EMPATHY & EQUALITY (AT EYE LEVEL)

INDIVIDUALITY & AFFINITY FOR LUXURY

TRUST AND RESPONSIBILITY

INNOVATION THROUGH COMBINATION

INSPIRATION
